

POKIES BY NUMBERS Gisborne District

For more information visit: pgf.nz/tla

\$11.5million

Total \$ lost on Class 4 pokies 2019
- thats more than
\$31,000 every day!

\$624,074
up from 2018

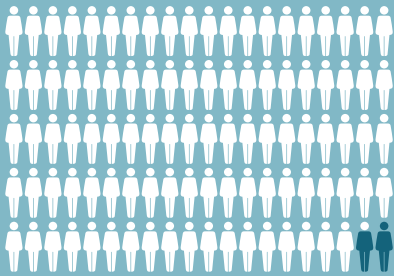

\$1.7million

returned as grants to the
Gisborne community.

This figure includes grants made directly to Gisborne District only, and does not include grants that might have been shared with more than one Territorial Local Authority (TLA) or distributed by a national body.

Pokie trusts operate pokie machines in pubs, clubs and TABs. The societies, their machines and the pubs, clubs and TABs that operate them make up the Class 4 gambling sector.

1.8%

of adults in NZ
are **moderate**
to **severe**
risk gamblers

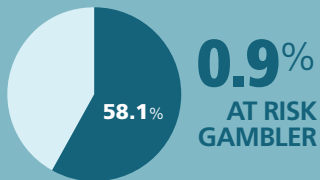

30%

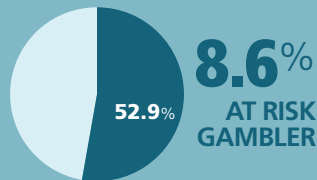

OF ALL

Class 4 pokie losses come
from those **moderate** to
severe risk gamblers

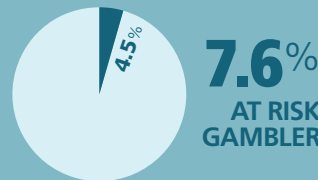

Gisborne's ethnic group population vs national moderate to severe risk gamblers

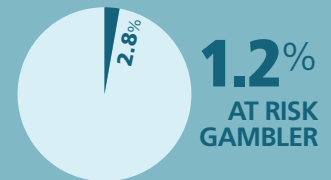

European/Other

Māori

Pacific

Asian

Council gambling policies should prioritise the needs of Māori, Pacific and Asian Peoples because these populations experience twice the rate of moderate and severe gambling harm than the general population.
